

Enforcement Orders Report (public)

Summary: This report displays documents associated with formal enforcement actions. This report contains data from both CIWQS and SMARTS. The hyperlinks under the Document & Description field open the documents attached to the CIWQS/SMARTS record.

Where is this information coming from?

Region– CIWQS: Party linked to the Enforcement with the role of “regulating”.

-SMARTS: Regional Board is found under Site Info tab.

County– CIWQS: County in the Place Record of the Facility (see Facility below). Facility is found under Related Places tab.

-SMARTS: County is found under Site Info tab.

City– CIWQS: City in the Place Record of the Facility (see Facility below). Facility is found under Related Places tab.

-SMARTS: City is found under Site Info tab.

Program– CIWQS: Under General Info tab. If multiple, searches all.

-SMARTS: Read-only field in the header called ‘Business Type’.

Status– CIWQS: Regulatory Measure Status, under General Info tab.

-SMARTS: Under Enforcement Actions tab.

Enforcement Action Type– CIWQS: Regulatory Measure Type; under General Info tab.

-SMARTS: Under Enforcement Actions tab.

Effective/Issued Date Range–CIWQS: This uses the Regulatory Measure’s Effective Date; under General Info tab.

-SMARTS: Under Enforcement Actions tab.

Enforcement ID– CIWQS: Unique CIWQS identifier for the Regulatory Measure, found in the header.

-SMARTS: Under Enforcement Actions tab.

Title– CIWQS: Regulatory Measure Title; under General Info tab.

-SMARTS: There is no equivalent field in SMARTS. The report displays the WDID of the NOI, which can be found under the Site Info tab.

Agency– CIWQS: Under Related Parties tab of the Enforcement record. Party linked with the role of “discharger”, must be an “organization”, not a person. The end date of the relationship must be null or after current date. If multiple, the first alphabetically displays.

-SMARTS: Under additional Site Info tab.

How current is the data?

This report is refreshed nightly. Changes made in CIWQS or SMARTS will not be reflected until the next day.

Facility– CIWQS: Facility (or child of Facility) linked to the Enforcement Action (under Related Places tab) with the role of “regulated by”. The end date of relationship must be null or after current date. If multiple, the larger place ID displays.

-SMARTS: Under Site Info tab.

Order Number– CIWQS: Enforcement Action Order/Resolution Number under General Info tab.

-SMARTS: Under Enforcement Actions tab.

Document & Description– CIWQS: Description under General Info tab. Documents can be found under Attachments tab.

-SMARTS: From the Attachments tab, this displays the document(s) and its description.
